

Five aims to get bp to *net zero*

We are focused on delivering our net zero aims and investing in our transition and the energy transition.

<p>1</p> <h2>Net zero operations★</h2> <p>What we have achieved 41% reduction in absolute emissions against the 2019 baseline</p> <p>(2021 performance 35%)</p> <p> Read page 22 for more</p>	<p>2</p> <h2>Net zero production★</h2> <p>What we have achieved 15% reduction in absolute emissions against the 2019 baseline</p> <p>(2021 performance 16%)</p> <p> Read page 23 for more</p>	<p>3</p> <h2>Net zero sales★</h2> <p>What we have achieved 2% reduction in the average carbon intensity of sold energy products★ against the 2019 baseline</p> <p>(2021 performance 1%)</p> <p> Read page 25 for more</p>	<p>4</p> <h2>Reducing methane</h2> <p>What we have achieved 0.05% methane intensity★</p> <p>(2021 performance 0.07%)</p> <p> Read page 27 for more</p>	<p>5</p> <h2>More \$ into transition</h2> <p>What we have achieved \$4.9bn transition growth investment★</p> <p>Including our ~\$3 billion deal to acquire Archaea Energy – a leading US producer of renewable natural gas.</p> <p>(2021 performance \$2.4bn)</p> <p> Read page 28 for more</p>
