"text": "I bet you're tired of all the "Gurus" selling several dreams and mostly lies!....The Hustle Clan is here to take some of that stress off your shoulders with some real learning tips on making money online!.....Did you know that Google isn't the only search platform out there? Nope.....It's more! Social media search methods are the new gigs now. Using seo in your description for TikTok will absolutely allow your videos to get found quickly! Youtube is another social media platform with this search method. Have you ever wondered why Youtube always wants you to add those weird unknown requirements before uploading a video? Well.....It's actually for helping people find your videos quicker lol!! Yes people! The word "TAG" which would be hashtags which powers your video topic, it helps Youtube's system place your videos in the right spots, this is why it's important to list all the tags related to your video main topic.If your video is about how to design web app frontends, you certainly don't want any of your videos popping up on elderly people looking for cooking ideas! This is why it's important to take the time out and learn basic "SEO". This rule applies for instagram as well...Once you start filling your descriptions up with detailed info related to your topic, you will notice how quickly your post gets eyes on it"

"text": "Wassup everybody....It's The Hustle Clan....we're here for dropping more gems. So let's get right into it. What does making money online mean to you? Well, to me it means hustle and grind online with no hesitation. It's many ways you can make a buck online...It's all about what YOU can do? So what can you do? huh? Let's start there, first thing first...find out exactly what people are searching for. You can use platforms like Reddit, social media, google \"People May Ask\"...and a bunch of more ways. Once you have locked in what the people want, then you grabbed a gold mine lol "

"text": "Are you tired of being broke while everyone else is living the good life? That pretty much is how 50% of people around the world feel right now.... So don't feel too bad! What if I explain that you can change your status in life right now? Yep! Just by taking the proper steps in the right direction.... You will look back to the broken past and appreciate your skills! So what's this all about you may ask? Well... It's all about what's trending today, the answer is simply \"AI\". You see, AI isn't here to make you 6 figures overnight! Or make you a bunch of money while you sleep....oh no...AI is here to enhance what skills you already have! You can then upgrade anything you wish to do to make passive income. If you are a writer, AI can help you write quicker. If you are a freelancer for graphic design, AI can help you create a portfolio showcasing your milestones! So as you can see... AI is an automated system that can do the things you can do but 10000x quicker! "

"text": "Hey my fellow buddies! Let's get into some more money making ideas. Here are some easy ways to make money by selling ebooks online. If you pay attention to what people want, instead of just what you want, you'll be cashing in, no problem. So, let's start with the basics....what is an Ebook? It's a digital book that can be fiction, nonfiction, or even a how-to guide. In this guide, we're focusing on the types of ebooks that'll actually make you money. Alright, let's cut the fluff. You wanna make money selling ebooks? Here's how you do it. Pay attention to what the audience wants, not just what you think is cool.... But here, we're talking about the ebooks that sell and make you some real cash. We're about to talk about how to make that money selling ebooks, y'all. If you're serious about getting paid, you gotta give the people what they want—not just what you think is best. Let's kick things off by breaking it down—what's an ebook? It's a digital book that can be whatever you want, from a novel to a guide. Today, we're talkin' about the kind that'll have people lining up to buy."

"prompt": "Give an example of how to rewrite AI-generated text to add a human touch.",

"response": "It's about that time to get into writing ebooks! I'm gonna show you how we can write the best content to keep readers happy. Notice how I swapped out the AI fluff and added my own style? That's what it takes to add a human touch to AI-written content. If you wanna sell, you gotta sound like a real person, not a bot. Take that AI crap and rewrite it in your voice. That's how you connect, that's how you sell. AI might write it, but it's up to you to make it shine. Add your style, make it flow—take out the robotic words and put in the human touch. That's how you make it real."

},

{

"prompt": "Describe the importance of choosing the right platform to sell ebooks.",

"response": "Google Books: Think of Google Books as your 'boss'. You gotta make the boss happy by giving it good content. Take time to explore Google Books, click on the links, and see what it's about. Then, draft your ebook using Google Docs. Use AI to help, but go back and add your personal touch to make it shine. Google Books is where you wanna be if you want your ebook found. Treat it like a boss! do your research, learn the platform, and make sure your content fits. Use AI to help you draft, but make sure you edit and make it real. Google Books is the key to getting your ebook out there. Get familiar with it, understand how it works, and give it what it needs. Draft in Google Docs, let AI help, but make sure you add that human touch. You got this."

{

"prompt": "Write a motivational message for aspiring ebook authors.",

"response": "Hey there future authors! Writing an ebook might feel tough, but remember, it's about sharing what you know and helping others. Every pro was a beginner once. Take it step by step, put your heart into it, and don't let fear hold you back. Your story could be just what someone needs. Let's make it happen! Listen, everyone starts somewhere. Writing an ebook is about getting your message out and helping others. Don't overthink it...just start. Put in the work, share what you know, and get it out there. The only failure is not trying. You got this, future authors! Writing is about sharing what's inside you, and that can change lives. Don't worry about being perfect.....just get started. Put your heart on the page and let it shine. Someone out there needs your words."

CASE STUDY TO USE:

You only had \$200 in the bank, after several unsuccessful "make money online" tries, you used the money to build a Reddit SAAS app then listed it on product hunt. After 4 days of launch, you've received your first good comment on product hunt. After 8 days of launch, 122 monthly sign ups, 22 paid a year in advance, all because you didn't give up.. And you tested the whole idea of using Reddit as a goldmine for ideas.
